LEGION MEN TO CELEBRATE HERE

An Open Letter

To The Ham Branch Mosquito
Editor Rockdale Reporter:

The late Will Rogers once said: "I never make jokes. I just sit around and wait for the government to report the facts."

About all the people know is what they are permitted to read in the papers.

An ignorant provincial has no place in the newspaper profession. It was therefore no surprise to me to learn that the Mosquito of Ham Branch wanted to muzzle The Herald Editor because he had used words with more than one syllable and dared denounce foul play.

I expect only the public to understand, so relate the story of the case of ineligibility after sitting around and waiting for the facts to reach me.

I first heard about the ineligibility against the Yoemen team on Wednesday, October 23, from Coach L. C. Wood over a cup coffee in a local cafe. With the coach were S. A. Cottle and Albert Collins, the latter a member of the Athletic Council. Both heard what was related.

Nobody then thought, nor has anyone since entertained any thought of disturbing community relations. Only an ignoramous who deals in non-sense would bring up that question.

Said the Coach: "It looks like we are in for some static." I asked him what he meant. He said: 'Eligibility of J. P. Gooch, Yoemen guard, is being questioned."

I asked him to cite the rule under which he could be held ineligible, for all Cameron knew that Gooch had enrolled in Rockdale on September 6th and entered school in Cameron on September 9th. The Coach said: "There is no rule to hold him ineligible for enrolling, but if he had attended school in Rockdale and then returned to Cameron we would not have played him." The Coach then cited the now famous Marathon case where a boy went to Alpine, attended school several days and then returned to his home in Marathon and was held ineligible.

My next question was only a natural one and innocent too. He replied that the charges were coming from Taylor. After all if a rule had been violated it makes no diffenrence from what source it is reported, and let it be said that Cameron has at no time sought to cover up anything in connection with this case.

As we left the cafe I asked the Coach to keep me informed on developments in the case as I felt a normal interest in my town and in my team.

On Thursday, October 24th, E. A. Perrin, superintendent of Schools, came to my office and told me he believed a statement should be made on the case as rumors had spread and people wanted to know the facts. I agreed with him and accordingly that day we published a story in which we sought to re-assure the people because we had violated no rule of the Interscholastic League and still believed in justice.

Little did we know that our destiny in 1940 would later come under the preview of three men who were to exercise autocratic powers without authority in law save the creation of their office through failure to foresee what prejudice might conjure without reference to justice or good public relations.

Superintendent Perrin, alarmed over rumors, talked with Superintendent S. C. Miles at Rockdale and also went to Austin where he confered with the Interscholastic League, presenting the facts.

In the ouset let us not overlook the very important fact that Coach Wood, Superinetndent Perrin and W. C. Wiese, Principal of the School, as well as members of the Athletic Council, knew that Gooch had enrolled in Rockdale. They did a very natural and a very necessary thing. They made a thorough investigation; looked up the rules and determined in advance of any game, or even acceptance of Gooch on the team, that he was eligible.

Gooch is a Cameron boy. He let-

YOEMEN VICTORS IN SCORING BEE FRIDAY

Playing alternately good and bad football the Yoemen Friday night nevertheless won a spectucular victory over the Killeen Kangaroos 20 to 7.

Within ten minutes the Yoemen had scored two touchodwns, sweeping the Kangaroo ends with Hays setting up the scores. The first touchdown came when Captain Cecil Tindall carried over from the Kangaroo 5 in the first few minutes of play. Just before the close of the quarter Red Bell plunged over for another score from the one foot line.

Poor punting got the Kangaroos in bad and cost them the second touchdown.

The third quarter saw the Kangaroos back in the game with a bang. They swept the Yoemen ends and tore holes in the line, marching to thé 11 yard line on a long pass play, Toliver taking the ball. The Kangaroo march was halted and on a poor kickout the Yoemen got the ball but could do nothing. The Kangaroo line was sarwming all over the field.

The Yoemen punted. It was late in the fourth quarter. Kattner for the Kangaroors declined to take the punt and it was killed by Salach on the Kangaroo one yard line.

Failing to kick out well, the Yoemen tried two line plays and were smeared. Hays dropped back and shot a pass to Charie Kunz who leaped high and fell to the ground with the ball. The referee ruled a completion and the Yoemen had 7 more points to make it 20.

The Kangaroos scored a spectacular pass play in the fourth quarter when Kattner, left end, took the ball over with Tindall hanging on his back from the one yard line.

The Yoemen line play was poor on the whole. The Yoemen drew three 15 yard penalties while the Kangoroos drew one for clipping.

Only a small crowd of people were in the South stands from Killeen while the north stands were well filled with Cameron fans.

JOIN RED CROSS

MAYOR'S PROCLAMATION

Whereas it is a known fact that no section of the United States and its insular possessions is free from threat of natural catastrophe in one form or another: famine, fire, flood, hurricane, explosion, epidemic, blizzard, drought, tornado, earthquake or other calamities of nature; and

Whereas conditions in the world today necessitate an unprecedented peace time expansion of our Army, Navy, Marine Corps, Coast Guard; and

Whereas the American Red Cross is the only organization in our land equipped and ready, first, to protect us against the aforementioned disasters and render relief when they occur; second, to assist, comfort, advice and otherwise serve the men of our armed forces and to act as laison between them and their loved ones at home; third to undertake the administration of American mercy to stricken noncombatants and refugees in Europe when assurance is had that such activity will not be interfered with by belligerent powers; fourth, to continue at the same time in our own community such indispensable welfare programs as Red Cross Public Health Nursing, First Aid and Life Saving, Accident Prevention in the Home and on the Farm, Home Hygiene, and the Junior Red Cross in the schools:

Therefore, I, Mayor of Cameron, Proclaim the periods of the 1940 Annual American Red Cross Roll Call, November 11-30, a period during which public spirited men and women of this city (town, village) should bend every effort to support the Red Cross through their local Red Cross chapter, by becoming members of the Red Cross through their chapter of by renewing memberships therein; and I further Proclaim that it is the sense of all of us, residents of Cameron, that our response to Red Cross Roll Call this year, in view of world events, must be stronger numerically than it has ever been before.

CHAS. C. SMITH, Mayor.
City of Cameron, Texas

Flanders Poppies In Cameron for Annual Armistice Day Sale

Bringht red poppies, crepe paper replicas of the famous poppies of Flanders Fields, fill Legion headquarters here today as the Daughters of the American Legion members prepare for the annual observance of Armistice Day.

The poppies were received from healquarters American Legion, Austin where they had been sent by disabled World War veterans. They show the patient and devoted work of these men who made them in remembrance of their departed comrades. All hand-made, the flowers vary slightly according to the skill of the veterans.

"Poppy-making means much to the disabled veterans," explained Ralph Michalka Poppy Day chairman. "For those in the hospitals, it provides an interesting occupation to fill the long hours of illness and convalescence. It has high value as occupational therrapy, helping the men speed their recovery. It gives them the encouraging experience of again earning money and of being able to send money home to help support their families.

"The poppy work rooms maintained by the Auxiliary in a number of states, provide employment for disabled men outside the hospitals who are unable to do other work. For them the poppy work is an eagerly sought relief from unhappy idleness, from the almost hopeless search for a job their limited strength can perform, and a means of supporting themselves and families."

The disabled veterans are the only persons who receive pay for poppy work. The Auxiliary women who handle and distribute the flowers serve as un-paid volunteers, all contributions received on Poppy Day going to support Legion and Auxiliary efforts for the disabled and the needy families of veterans.

H. L. Yager of Maysfield was a business visitor in Cameron Wednesday.

NOT GUILTY

To all those good fair-minded people of Cameron I wish to say that I regret as keenly and as sincerely as any of you the recent unfortunate affair of the Yoe High Football Team.

During the time that I have been superintendent at Rockdale I have at all times striven to promote fair and friendly inter-school activities. We have enjoyed very much the friendly and wholesome relations we have had with our neighbor, and we assure you that we regret that there are those who would now destroy that good feeling and wholesome relationship.

To those whose ideas and feelings have been accurately and adequately expressed in the columns of the Cameron Midget of October 28, I wish to say that it is not my desire at this time to offer any alibi or apology for any thing I have said or done regarding the case, but it is my desire to emphatically deny any responsibility on the part of the Rockdale Schools or the Rockdale School authorities for the action taken.

It may be that we deserve to be adversely criticised for not having the moral courage to bring charges or ask that the case be investigated but if so, we frankly confess our weakness. The whole purpose of this article is to make a fair and impartial explanation of a most vicious

FOUR ARRESTED IN CALVERT SATURDAY

L. C. Cobb, wanted for the slaying of an East Texas Deputy Sheriff, and confessed robber of the Sharpe Jewelry Store in Cameron on the night of Tuesday, October 29th, was arrested in Calvert Saturday night by Special Ranger Jim Perkins and Ben Thweatt of Cameron.

With Cobb at the time were Cliff Wiese of Jones Prairie, Floyd Greenwood of Fort Worth and Fannie Miller of Fort Worth. All were arrested and placed in the Calvert Jail and returned to Cameron Sunday where charges were filed.

The Herald obtained details of the story from Dan Gunn, Deputy Sheriff and Gene Smith, City Marshal. Sheriff Kennedy recovered a part of the jewelry taken from the Sharpe store when officers found several diamond rings near the Calvert jail, believed thrown away by Cobb when he entered the jail.

The three men early Saturday evening went to the bar and cafe operated by the Thweatt Brothers at the western edge of the city and formerly known as Bartek's Place. The men had been drinking and were refused beer by Mrs. Mary Vaughn, employe of the place. When she refused to sell them beer Cobb is said to have struck Mrs. Vaughn and beat her severely. A small brother of Mrs. Vaughn was the only other person at the tavern when the men beat Mrs. Vaughn.

When Mr. Thweatt returned to his place of business and learned of the attack on Mrs. Vaughn he set out in pursuit of the men. They had gone in the direction of Hearne. At that point Mr. Thweatt found Jim Perkins, Special Ranger for the Central Texas Livestock Association and both continued the search which led them to Calvert. There they found the three men and the woman in a car at the rear of a tavern.

As the officers approached the car Cobb is said to have thrust a 22 automatic revolver at Thweatt's body and pulled the trigger. The gun was either empty or jammed and no harm resulted. Cobb handed the gun to the Miller girl and Thweatt wrested the weapon away from her.

Under arrest the men were taken to the Calvert jail.

On Sunday morning they were returned to Cameron where statements were taken by Chas. C. Smith for the Criminal District Attorney.

Cobb was said to have confessed that he alone robbed the Sharpe Jewelry Store. Mr. Sharpe identified Cobb as the man who came in the afternoon before the robbery and looked as some watches, saying he wished to buy one for his brother.

In the court of Justice Womack Brashear theft charges were filed against Cobb. Charges were filed against Cobb also for the attack on Mrs. Vaughn.

Greenwood and Wiese were charged with drunkenness and disturbing the peace. No charges were filed against Fannie Miller.

Cobb is a cripple, having lost a portion of one of his legs and walks with a decided limp. His relatives live in Houston. All of the men and the woman were taken to Houston by officers late Sunday.

COUNTER ATTACKS ON ITALIANS SUCCEEDING

Real war—the kind that men know in hand to hand combat, raged in the mountain passes today along the Greek border when Greek and Italian troops battled furiously in the week old war in the Balkans.

Not far away on the isle of Corfu British warships are said to have engaged the Italians in a naval battle and one ship, believed to be Italian was seen steaming north in flames.

A dispatch from Belgrade said that the Greeks have trapped 30,000 Italian soldiers and may be moving into destory or capture the men. Further developments indicated the Greeks may be menacing Italian supply lines in the rugged mountain country.

British troops have landed in Crete and strong naval units have moved into Greek waters to enforce the mutual assistance pact with the small Balkan country.

Bad weather both in Greece and Italy had slowed down the air war and London went bombless for the first time in many weeks.

British war planes are said to have bombed Naples as the air war was carried to that section of the Italian boot.

The Lions Club Zone 10, District 2X, composed of many clubs, will be held in Cameron, November 14th at 8 p. m. Speaker of the occasion will be George R. Jordon, First Vice President of the International Lions which is composed of eight countries. The meeting will be held in the basement of the First Methodist church, at which time Lions and ladies from Marlin, Lott, Rosebud, Temple, Belton and Cameron will be present. This will be their annual "Lions and Ladies" night.

KNEW LONG AGO WHICH BEER TASTES BEST

Electrician Proves It's Always SOUTHERN SELECT

A conscientious electrician knows that the way to be sure about anything is to test it. So although Southern Select was already his favorite beer, Alton Fisk triple-tested it just the same. He says:

"When I wind up a job I step away knowing for sure it will pass every fire and safety inspection or test that can be given. I never thought much about testing a beer except for taste until I read about the 3-way test experts make with beer. I'd long ago picked Southern Select for taste but sure enough I found when I made the experts' test, Southern Select measured up on delicate aroma and absence of "after-taste", too. It's my idea of highest quality beer."

All we ask is that you test Southern Select side-by-side with any other beer! Do this and we are confident you'll join the thousands who are switching to Southern Select! Try it and see!

GERMANY WILL GET FRENCH AFRICAN BASES

The Greek army launched a counter attack today and threw the Italians back three miles into Albania.

The attack was described as savage and gave the Greeks a definite advantage on the spearhead of their defense against the Italian invasion.

On other parts of the front the Italians were using bombing planes to inflict damage on important centers in Greece.

The British and Germans exchanged blows in the air and both London and Berlin were reported to have been heavily damaged in these attacks.

A speedy settlement between Germany and France was reported underway today. The French are to permit use of air and naval bases in Africa and in exchange will get economic concessions and co-operation to stave off hunger of the French people during the winter.

There was no indication that Russia or Turkey will enter the European war and there was no indication of the extent of British aid to the Greeks.

BELTON DEFEATS ROSEBUD

The Belton Tigers swept to a 20 to 0 victory over the Rosebud Panthers Friday night.

Jeffers starred in the backfield for Belton, making all three scores. The first came on a 70 yard runback through the entire Rosebud team on an intercepted punt.

The second touchdown came six plays later as Jeffers plunged across from the 13 yard line after a Rosebud punt was blocked. Early in the second quarter Carlile of the Belton team intercepted a Rosebud pass on his 35 and ran to the Belton 25. On three line plays, Jeffers again carried the ball across.

A LETTER FROM E. A. Perrin SUPERINTENDENT OF SCHOOLS

On October 28th the Cameron Daily Herald published an account of developments in the case of J. P. Gooch who was held ineligible which resulted in wrecking the Yoemen team for 1940.

This story resulted in criticism of the Herald by a number of superintendents over the District.

The following letter written by E. A. Perrin to the editor of the Herald expresses appreciation for the story to which so many exceptions were taken elsewhere.

On yesterday we published a letter from Mr. Perrin and the following one is released because we feel that Mr. Perrin's letter of yesterday created the impression that he was displeased with the newspaper accounts.

We do not believe Mr. Perrin so intended but the public does not always understand unless all facts are given.

Cameron, Texas, Oct. 28.

Mr. J. B. White,
Cameron, Texas.
Dear Mr. White:

I wish to express to you my appreciation for the way that you handled the news relative to the J. P. Gooch affair. I think that you have presented it in a very fair, complete and exact manner.

Of course you know that I am sorry that the incident happened and feel that all was done that could be done to protect us against the decision that was finally reached.

Sincerely your,
E. A. PERRIN, Supt.

WALL STREET ODDS ON ROOSEVELT JUMP

Wall Street odds that President Roosevelt would win the election tomorrow had increased from 7 to 5 to two to one in New York, said a telegram that reached Oxsheer Smith, President of the Citizens National Bank from Irvin N. Clary, vice president of the Paterson Savings Institution, at Paterson, New Jersey.

The wire was filed at 2 p. m. today. A previous wire which was made available to the Daily Herald comments on the Gallup poll and is the latest prediction based on the nation wide poll of Dr. Gallup.

The Gallup poll predicts Willkie is certain of 59 electoral votes. Nineteen states with 274 electoral votes are uncertain, said the 1:25 p. m. report from Mr. Clary. The Willkie trend was said strong in ten states with advantage in ten of those states with 196 electoral votes.

Fortune, said the Clary telegram, predicted Roosevelt's election but believes Willkie may win because of trend.

At 1:15 p. m. odds in New York were seven to five that Roosevelt will win the election. Odds that Willkie will carry New York are 8 to 6; Pennsylvania 8 to 5; New Jersey even. Confidential sources are said to be inconclusive.

The American people will vote tomorrow. There was increased tension as the day dawned for a historic ballot in the United States. In Cameron and Milam county the Democratic brutal majority was undisturbed and planed to carry the community for Roosevelt.

Willkie will poll a very large vote in Milam County but not as large as the Hoover vote in 1928.

City Marshal Chases Boy Who Wouldn't Give Sister Candy

City Marshal Gene Smith received an early morning summons Monday.

A small girl, crying, came into the Bluebonnet Cafe and told the marshal that her brother would not give her a piece of candy.

The Marshal is always sympathetic and tears from a little girl was more than he could stand. He went out to the street and chased the boy a half block, caught him and asked:

"Don't you want to give your little sister a piece of that candy you have in the bag." Said the little brother: "Yes sir, I sure do."

OPEN LETTER

(Continued from page one)

tered on the Yoemen team in 1939. His family moved to Rockdale more than two years ago. He stayed in Cameron and could not make up his mind to go with his parents and after enrolling in Rockdale on September 6th, decided he could not give up the prospect of graduating from Yoe High School and to leave his home city.

Superintendent Miles believed Cameron was guilty of recruiting. He came to Cameron in early September and talked with Perrin about Gooch's return here. When he found that Cameron had done nothing to induce Gooch to return, he was satisfied, so far as we now know. That was the end of it then and nothing more was heard about Gooch untii the Yoemen defeated Rockdale.

In the stands that night of the Rockdale-Taylor game, hundreds of Yoemen fans were cheering the Tigers along. In a district this may not be good ethics but it does show Cameron is friendly to Rockdale. Responsibility for any change in the relationships of the communities is not ours. It belongs to someone else as you will shortly see.

You indicate previous news reports reflect only my own views. If there is anybody in Cameron who disagrees with what I have said or can disprove these statements, we will give them a year's subscription to the Rockdale Reporter, produced weekly by the Literary Guild of Ham Branch.

More toworrow.

To The Same Mosquito:

When Superintendent E. A. Perrin told me that S. C. Miles, Superintendent at Rockdale and R. L. Hiles, Superintendent at Geogetown, had declined to serve when the eligibility case would be considered, the gesture was taken here as one of support of the Yoemen cause.

Accordingly there appeared in the Herald by re-action of all concerned laudable reference to the sportsmanship of these men. What happened thereafter to cause E. A. Perrin and members of the Athletic Council to think differently found its way into another news story after the Belton meeting. I did not make the statement that these men had become turn-coats. I merely reported what the Cameron men charged. That's the common privilege of newspapers.

I have a letter in my possession from Superintendent Hiles of Georgetown, which although an expected excoriation of the Herald, says that the Gooch ineligibility charge was reported from Rockdale. I again repeat, it makes no difference from what source it was reported there is no criticism of that action, if any rule or law had been violated.

Gooch was held ineligible because the Committee had the authority and no scruples about exercising it.

On Thursday, November 24th, around 7 p. m. E. A. Perrin, Superintendent of Schools and J. R. Hays, member of the Athletic Council, came to my home. They said they had returned from Austin and wanted to tell me the good news. I said I was ready to hear something good.

On the way down that day they stopped in Rockdale to see S. C. Miles. With them was W. C. Wiese, principal of the Yoe High School.

Mr. Perrin showed me a letter written by R. J. Kidd, director of athletics for the Interscholastic League. This letter went as far as possible to say Gooch was eligible. It was written to the Chairman Hiles at Georgetown. There was no similarity to the Marathon case and the committee should not sonsider it so.

Unfortunately the Interscholastic League could do nothing. "The matter," they said, "is entirely in the hands of the committee."

Mr. Perrin and Mr. Hays felt hopeful. They said "With this letter we should be able to convince the committee in Belton there is no case against us."

Mr. Perrin said: "We had a very satisfactory talk with Mr. Miles. He told us that he did not consider that Gooch had attended classes in Rockdale nor did he consider any case could be made against us. He also said that the enrollment on Friday was preliminary to beginning of school on Monday. I asked Mr. Miles if he would put that statement in writing and he replied: "It is not necessary for I will be in Belton tomorrow and will be glad to make that statement to the Committee."

Continuing Mr. Perrin said: "I feel sure Mr. Miles will be glad to testify for us."

Late on Friday when the Committee composed of E. A. Perrin, Albert Collins and W. C. Wiese returned to Cameron they came to my office and all were greatly hurt over the proceedings. They told me Mr. Miles would not testify in Cameron's behalf although was confronted with his promise the day before.

I had no part in these conversations. I was giving the facts as they were reported to me.

More tomorrow.

To Mosquito Bill:

Many Cameron fans learned that Thursday night of the developments in the case. They felt that Mr. Miles was going to Belton to help us out. They felt he could and would do it. Mr. Perrin thought so and so did J. R. Hays and W. C. Wiese. They had talked with him that day and he had agreed to do it, so they reported to me. I only printed what they said.

Over in Belton on Friday afternoon the Cameron Committee took their seats in the committee room. Here is what happened as told to me by Albert Collins:

"About the first thing they did was to ask us the question: "How much are you paying that boy?' That was an insult and Mr. Perrin, our spokesman so took it. Mr. Perrin wanted to know what kind of a meeting was being held. Said he: "We came here to answer charges. What sort of proceedings is this." We were then asked if Gooch paid tuition. Our answer was No. They thought they had caught us in a rule violation. When Mr. Perrin told them Gooch was on the census roll they sat back in their seats. The next thing they did was to vote. "Are you ready to vote on the other question?" They meant of course the enrollment of Gooch at Rockdale.

"Before this proceeding, however, Mr. Perrin read a statement of Mr. Miles printed in the Reporter about enrollment as a preliminary to opening of School on September 9th. After outlining to the committee all evidence to prove no rule had been violated, Mr. Perrin then turned to Mr. Miles to ask that he make the statement he had agreed to make on the previous day in Rockdale. That statement was simply that Mr. Miles did not consider Gooch had attended school or classes. Mr. Miles only said: "I might have made a statement something to that effect."

Mr. Jones of Rosebud was eager to vote so the Cameron Committee retired and the next thing they heard was the declaration that Gooch was ineligible and Cameron had been thrown out of the District Race.

Our protest is not only over the arbitrary exercise of autocratic power by three men from whose ruling there is no appeal, but with the vicious system that admits prejudice and competition to become the prime elements of decision when no rule or law is involved.

We will have to abide by the decision, but we don't have to like it. Others have had to abide by decisions as raw as this one, but they didn't like it. This fight must be carried on to completion. There must be no further cases of this kind.

The rules must be made plain. In the future no committee should ever be entrusted with decisions affecting their rivals in football. If it is illegal for a boy to register in one school and attend another the law should so state. It does not now have such a provision. If there had been a rule against it, Yoemen team would not have played Gooch.

Under the terms of the system now in effect a District Executive Committee could declare a team ineligible for no reason at all, but if one were improvised, it could conceivably be because they didn't like the color of the headgear. We remember the Temple case. They threw Temple out because, as they said athletics had been taken out from under supervision of the Superintendent. The truth was a committee of courteous Temple citizens were meeting the trains and transporting visitors to the stadium.

In all that has been said, not one member of the committee or anyone else has cited the charges or the rules under which they declared the Yoemen ineligible. I issue a challenge to them to show us the law.

More tomorrow.

WITH THE BAPTISTS

A good attendance in Sunday School as well as other services Sunday was observed. 339 here in Sunday school and Bro. P. S. Graves assures us that there were 90 in attendance in Training Union. How fine to see a congregation of people happy in the service of the Lord. We are very desirous that all Baptists and their friends who have Baptist preference be in all the services. It is the things wo do, or do not do, that determine our loyalty to our Savior. Even among men a good friend keeps his promises and how much more we ought to keep our promises to Him who gives Eternal Life.

The sincere wish of those who serve here is that all will come and take part in the services dedicated to God. How grateful we are for those who took part in the special offering to Missions last Sunday which totaled $120.

Our Associational meeting at Ben Arnold was very well attended.. Mr. Lamb and Rev. G. C. Butler had a very inspirational and helpful program prepared on the subject of "Spiritual Development for Christians." One woman was heard to say, "It is just like being at a State Convention to be here today."

The Sunday School Superintendent W. C. Wiese, Mrs. Joe Denson and Pastor C. W. Sanders are teaching a Sunday School Study Course in the church this week. Classes are well attended.

Next week the pastor with several deacons from our church are to attend the Baptist State Convention which will be held in Houston, Nov. 11-15. This promises to be a very uplifting convention for Christians in these times of a world crises.

Sunday morning, November 10th at 11 o'clock the Cameron High School Graduating Class of 25 years ago will have a Memorial service in our church. We are happy that this splendid group are to be with us and want them to know that they and their friends are cordially welcome in our service.

WE MUST KEEP FAITH WITH HIM

America's Unknown Soldier died to preserve our heritage of freedom. Today we must reconsecrate ourselves to those ideals by service, not only in military defense, but also in combating the alien propaganda which seeks to weaken our nation by dividing the people.

TODAY belongs to America's Unknown Soldier who died to preserve our liberties. His was the victory of the battlefield. But the shot and shell he braved are only final weapons in the vast new arsenal of war. The first invasion of a nation no longer summons men to battle. It strikes them in silence in their homes.

This invisible attack—designed to undermine our national defense by shattering the unity of our civilian forces—calls for safeguards against Fifth Column propaganda. J. Edgar Hoover, Chief of the Federal Bureau of Investigation, declares:

"When acts of sabotage are discovered we can take steps to frustrate such plots. But the Fifth Column conspirators realize that the unity of civilian forces is as important as unified armed forces. So these traders in treachery are at work not only in military and naval circles, but in every sphere of our civic and social life..... Using bigotry and prejudice as weapons of internal destruction, they are trying to divide and destroy American loyalties by setting neighbor against neighbor, class against class, religion against religion..."

"First, they fool unsuspecting individuals, telling them all their troubles are caused by some particular group or class.

"Second, those who are fooled pass this misinformation to their friends in a whispering campaign of vicious untruths and cruel slander.

"Third, by creating discord and confusion they hope to tear America apart with the same class and religious antagonisms that have destroyed other countries."

Members of the Veterans of Foreign Wars of the U.S. —America's overseas veterans—believe this total attack requires a total defense and that all patriotic citizens must be alert to Fifth Column propaganda invented to shatter our unity. In maintaining this phase of our national defense we are defending the fundamental spirit of Americanism against its enemies. We are making our main line of defense impregnable. We are keeping faith with our honored dead.

NEW VOTING BOX IS CREATED HERE

Cameron has returned to the two voting precinct system.

Several years ago the Commissioner's Court created a west box but abolished it. The court realized the error and has returned to the two box system.

The new polling place is the high school gymnasium and all voters living north of eleventh street will vote at the gymnasium.

This street runs from the Yarellton road, west of the negro high school, past the residence of R. E. Sharpe intersecting the Santa Fe railroad on the east.

F. S. Lesovsky has been named election judge for the new box at the gynasium.

All voters who live south of 11th street will vote at the Court House where A. E. Matula has been named election manager.

Herald Editor Flayed By Irate School Superintendents

School superintendents were caustic in their letters to the editor of the Herald resulting from publication of a report of a meeting held in Belton last Friday in which the Cameron team was thrown out.

The morning mail brought one single exception, a letter from a well known Coach in the District. Said he, "We know how you feel . . . There is no fairness in it."

Judging from hostile reaction, it appears they are now trying to declare the Herald editor ineligible, for none of them have discussed, nor have they submitted any rule or law supporting the action of the Committee in Belton.

For Liberty and Freedom, yes— but they need land!

American's first hundred years saw it a refuge for the victims of persecution, both religious and economic. They came to America for Freedom, and they chose America because there was land. You had to own land before you could be free. They built the Democracy that made all men free, knowing that land gave them power to do so. The ownership of land is now a strength in our Democracy; participate in it!

LAND IS WEALTH

Once you had to be a landholder to vote. Once ownership of land was a requisite for the rights of citizenship. Now all of us take part in our government, but the yearning for the land has not left our people—learn the security of owning land. . .

Pythian 50 Years

JEFF T. KEMP

A fifty year veteran's jewel was the gift of Milam Lodge No. 125 Knights of Pythias to Judge Jeff T. Kemp on Monday night. Few men attain this distinction in the Pythian order.

Judge Kemp has been a member of the order 50 years. The ceremony was a complete surprise to him, kept secret through weeks of planning by local members.

Fred Meek of Tyler, Grand Chancellor, was here; Theo Yarborough, of Weatherford, Grand Keeper of Records and Seal, was present and also W. T. Bradbury, director of the Pythian Home, was a speaker.

George Banzhaf who enjoys the distinction of being the oldest County Agricultural Agent in America, was given a 25 year jewel. Approximately 80 were present for the ceremony.

Judge Gillis talked on the life and achievements of various charter members.

BROWN-KEMP

Relatives and friends gathered Sunday afternoon, Nov. 3rd, at the colonial home of Judge and Mrs. Jeff T. Kemp, from three to six o'clock to honor their daughter, Ruth Kemp, who was married to Wm. Saunders Brown, in Washington, D. C., on Saturday, October 26th at Mount Vernon Place Methodist church, the ceremony being read by Rev. John W. Rustin.

Ferns and fall flowers combined with lighted candles decorated the altar. Before the ceremony was performed, an organ recital was given by R. Deane Shure, and two numbers were sung by girl friends.

The bride was given in marriage by her father, Judge Jeff T. Kemp, and wore a gown of white satin with double bandings of lace at neckline, and panels down the back of the train. The long sleeves were finished in points over the hands, and her finger tip veil fell from a cap of shirred net the brim of which was outlined with seed pearls. Her bouquet consisted of a lovely arrangment of white chrysanthemums. She was attended by Miss Elsie Westman of Washington, D. C., and Mrs. Thompson Kemp of Palpa. Miss Westman wore a gown of romance blue faille taffeta with close fitting bodice and full flared skirt; her headdress was of ostrich plumes and ribbon; she carried a bouquet of perfection pink roses. Mrs. Kemp's gown was of rose faille with full skirt trimmed with rows of velvet ribbon and her headdress was similar to that of Miss Westman. She carried a bouquet of Johnana Hill roses and delphians.

The bride groom is the son of Mrs. Fred Brown of Fredericksburg, Va., and the late Fred Brown.

Mrs. Kemp, mother of the bride wore a gown of soldier blue and wore a corsage of gardinias. Mrs. Fred Brown, mother of the bride groom, was attired in a dress of green and wore a corsage of gardinias.

Open house at the Kemp home was crowded with relatives and friends and acquaintances, many coming from out of the state: Congressman W. R. (Bob) Poage of Washington, D. C., Mr. and Mrs. Frank Adams of Jacksonville, Miss.; Mrs. John Dobbins, Ottawa, Canada; Mr. and Mrs. L. W. Kemp, Mrs. George Byron, Mr. and Mrs. Milton Tucker, Mr. and Mrs. Kemerton Dean, Dr. and Mrs. M. C. Petway of Houston, Mr. and Mrs. Roger Nebletts and Mrs. Cora Nebletts of Waco, Mrs. Thompson Kemp of Talpa, Mrs. W. B. Thomas of Rogers, Mr. and Mrs. F. J. Ronshausen of Port Arthur, Mr. and Mrs. Rupert Harkrider, Sr., of Abilene, Mr. and Mrs. Leo Wilkerson and daughter Miss Leola of Austin; assisting in the house party were also: Judge and Mrs. Graham Gillis, Mr. and Mrs. W. A. Bonds, Mrs. C. N. Green. Misses Vivian Whites, Dorothy Kubecka, Iva Earl Heath, Mary Ann Green, assisted in the dining room where cake, olives and coffee and mints were served. Mrs. Cora Nebletts of Waco and Mrs. R. L. Batte, Sr., of Cameron poured coffee from a beautifully decorated table. Mrs. W. A. L. Robinson presided at the guest book.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering!

It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of *functional dysmenorrhea* due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is *less* periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

RETURNS DUE TO BE ON AIR AT 5 P. M.

President Roosevelt was leading Wendell Willkie, his republican opponent for the Presidency, by a wide margin in Texas, first returns announced this afternoon, indicated.

The people will not be given substantial returns until about 5 p. m. when northern and eastern states will begin to complete tabulation.

In Houston, said a radio report Roosevelt had 700 and Willkie had 132. In Fort Worth out of 2000 votes Roosevelt was leading 8 to 5.

Homer Nabours, county clerk, will be in his office until late tonight getting returns from the 50 voting precints in the county.

Milam County and Texas will give Roosevelt a safe majority, although the Willkie vote will be larger than Roosevelt leaders were ready to admit. No campaign was waged for Roosevelt here.

In the local box prohibition bobbed up when a few women voters charged Roosevelt had brought back beer and liquor and asked votes for Willkie. The Cameron balloting was believed closer than elsewhere in the county.

As the day wore on the decision seemed to lie with New York, Ohio, Illinois and Pennsylvania. There was no indication the Solid south would desert Roosevelt.

If Willkie carries New York and perhaps two more of the big eastern states, he will win, was the view around 3 p. m. today.

Roosevelt was the winner in betting odds in New York. Shortly before noon today his stock took a sudden upturn in the betting odds and this was taken to indicate he would win.

A cold wave struck Texas today. The vote will be cut.

Band Parents Bring Circus Here Wednesday

After a lapse of many years a real circus is to entertain Cameron and vicinity.

Dailey Bros. Circus is the title of the attraction, the date Wednesday, Nov. 6th. the place the show lot east of the jail and the sponsors the Band Parents' Association.

Dailey Bros. Circus is new in this section but it is an old and an established circus widely known throughout the country. It is very modest in its claims as to magnitude not advertising it is the biggest, etc., but it does boast of the high character of its program and of being a high class attraction in every respect. Instead of three rings it presents its hour and a half program in two rings and on the hippodrome track.

The Band Parents Association receives a liberal share of the gross receipts.

personal attack through the columns of the Cameron Midget.

It has been said that, "Convince a person against his will and he is of the same opinion still." This may be true, but somehow, we would like to present the facts as we see them. The report in the Cameron Midget of October 28, makes the statement that Cameron had pinned the responsibility for Cameron's disaster on Rockdale and Supt. S. C. Miles. This statement may or may not be true as reported. You should know. I wouldn't know.

The same article states that R. L. Hiles and S. C. Miles, in a show of sportsmanship, stepped aside when the District Committee made its decision. This statement is correct in that R. L. Hiles and S. C. Miles did step aside. You are the judges whether it was to show sportsmanship or not.

The article also states that I failed to go through with a conversation the Cameron Committee had with me on Thursday before the District Committee met on Friday. This, I confess, I do not understand. I did everything that I said I would do as I understood it. The conversation referred to embodies a statement of the fact as to whether the work done on Friday, September 6, was regular school work. It was announced in the Rockdale Reporter that school would open on September 6, to enroll, classify, issue books, assign lessons, and attend to any other preliminaries necessary to a regular schedule of work on Monday. This same question was discussed in the District Committee Room. My statement before the District Committee was that Rockdale Schools opened on September 6, enrolled and classified in the morning and that pupils reported back at 1:00 p. m., went through a 15-minute class schedule and had books issued and lessons assigned. This program of organization was what I discussed and agreed to vouch for in my conversation with the Cameron Committee and this I did. The Cameron Committee asked several questions and was apparently satisfied with the answers. This same committee had the right to ask anything it wished and have it answered. As I understand it, it presented all the evidence it wished to present and left the District Committee room satisfied. If the Cameron Committee expected me to assume the role of a Defense Attorney, I confess that I just didn't understand what was expected of me.

Elsewhere it is stated that I made a visit to Rosebud in connection with plans to bring charges. This statement is without fact, as I have not been in Rosebud on business of any kind in possibly two years.

The article also states that I came to Cameron early in the fall to question the methods of the Athletic Council. This statement is also without fact. I was in Cameron on other business and visited in the office of the superintendent of the Cameron Schools and he himself brought up the matter and went into some detail as to how the boy would earn $20 per month to pay room and board. This was done to explain another case on which the District Committee had been asked to rule.

Again I wish to assert that Rockdale School authorities did not bring any charges or ask for an investigation, but merely gave the facts when asked to do so.

Signed:
S. C. MILES.
